

Ryan Li

E-mail: ryanl03@rice.edu | Website: melan0tulip.github.io | Phone: (713) 320-7518

EDUCATION

Rice University <i>Ph.D. in Statistics, GPA: 4.0/4.0</i>	Houston, TX Aug 2025 – May 2030 (Expected)
Peking University <i>B.S. in Statistics, GPA: 3.6/4.0</i>	Beijing, China Sep 2021 – Jun 2025
National University of Singapore <i>Exchange Program (Non-degree)</i>	Singapore Jan 2024 – May 2024

RESEARCH EXPERIENCE

Lawrence Berkeley National Laboratory <i>Affiliate, Applied Mathematics & Computational Research</i> Supervisor: Marcus Noack Conducted a comparative study over scalable Gaussian process algorithms for large Bayesian optimization	Berkeley, CA Jul 2026 – Aug 2026
Rice University <i>Graduate Research Assistant, Department of Statistics</i> Supervisor: Hengrui Luo - Developed MUON-inspired samplers for Bayesian deep learning; manuscript under review - Investigated self-distillation in LLMs with empirical spectral density analysis	Houston, TX Sep 2025 – Present
University of California San Diego <i>Remote Research Intern, Halicioğlu Data Science Institute</i> Supervisor: Yi-An Ma Combined non-convex MCMC samplers with differential privacy algorithm designs	La Jolla, CA Apr 2024 – Oct 2024

TEACHING EXPERIENCE

Rice University <i>Teaching Assistant, Department of Statistics</i> - STAT 410: Linear Regression - STAT 310: Probability and Statistics - STAT 305: Intro to Statistics for Biosciences	Houston, TX Fall 2026 Spring 2026 Fall 2025
--	---

HONORS & AWARDS

1st Prize in Jiangxi Province, Chinese High School Mathematics League	Oct 2020
---	----------

SKILLS

Programming: Python (PyTorch, SciPy, pandas), R
Technical: High-performance computing (HPC), Network analysis, LaTeX
